

# Got a Minute?

OKLAHOMA  
State Treasurer Todd Russ  
**wealth** is waiting.

## Oklahomans have more than \$1 billion in unclaimed property. Is any of it yours?

### What is unclaimed property?

Unclaimed property includes forgotten funds like bank accounts, paychecks, refunds, stocks and even safe deposit box contents that are handed over to the state for safekeeping when owners can't be located. This means there could be valuable property in your name—waiting to be claimed!

### When does property become unclaimed?

Unclaimed property often results from life's transitions, like moving or a loved one passing away. For example, if a family doesn't know about a relative's safety deposit box, its contents may become unclaimed property. Many Oklahomans have unclaimed property without realizing it—make sure you're not one of them!
